CHANGES TO THE PDS

Change 1: Change to 3.6 Security.

Description of 'Motor Vehicle or Equipment' has been deleted and replaced with:

'The security interest for motor vehicle loans and equipment finance may be registered on the PPSR. The PPSR provides a single national system for the creation and determination of priorities and enforcement of security interests over personal property. By registering an interest in an asset on the PPSR, the Fund is able to confirm its priority in the asset. Under the security interest taken to secure any motor vehicle loan, the Fund is able to take possession of and dispose of the asset and apply the proceeds to pay any amounts outstanding under the loan. Investors should note that because of the nature of operating leases, additional risks accrue to the Fund if the type of lease is entered into. Refer to the residual value risk in section 6 of the PDS for more information about the additional risks associated with operating leases.'
